UF | UNIVERSITY of FLORIDA

Warrington College of Business

John Gresley, Associate Dean for Finance and Innovation
Lea Fernandes, Assistant Director

Program Overview:

- **One-Year MBA (Master of Business Administration)**
  Graduate degree | 16 months
  An accelerated, full-time MBA program designed for professionals seeking to quickly advance their business acumen and leadership skills through a rigorous, cohort-based experience.

- **Two-Year MBA (Master of Business Administration)**
  Graduate degree | 24 months
  A flexible, part-time MBA program for working professionals that builds foundational and advanced business skills while allowing students to continue their careers.

- **Master of Science in Management (MSM) – Artificial Intelligence Concentration**
  Graduate degree | 16 months
  A specialized master's program focused on equipping students with core business principles and applied knowledge in artificial intelligence to prepare for data-driven decision-making roles.

Enrollment Size:

- Cohorts have historically averaged 40 students in the two-year program and 20 students in the one-year program.

Skillset:

- MBA: emphasis on leadership, strategic thinking, cross-functional business knowledge, and real-world application for working professionals
- MSMAi: emphasis on AI, analytics, data-driven decision-making, and responsible technology implementation

How Jacksonville Leaders Can Support

Engage with UF Students

Provide meaningful experiential learning opportunities:

- Host company visits, site tours, and information sessions
- Facilitate leadership discussions with students and faculty
- Share industry expertise with working professionals

Partner with Programs

- Build a direct talent pipeline through hiring, leadership development, and employee upskilling
- Share insights on hiring trends at both the company and industry level
- Connect and mentor prospective students to inspire continued education

Current & Growing Employer Engagement

- Engagement with organizations such as CSX, Dun & Bradstreet, FIS, Johnson & Johnson, etc.
- Finance Professional Development Program (FPD)
- Continued expansion of Jacksonville-based partnerships to strengthen the local workforce pipeline
